Help Inform Childcare in East Sussex

Just a reminder: East Sussex County Council publishes a Childcare Sufficiency Report each year. This report helps us plan to ensure there are enough childcare places for families who are working, studying, or training.

It covers childcare for children from birth to age 14 (or up to 18 for children with disabilities).

Your views are important and will help inform the 2026 report. If you haven't yet had a chance, please complete the survey by **31st October** using the link below:

Thank you to everyone who has already completed the survey — your feedback is truly appreciated.
